This new website is the place to watch expert speakers from the world of British genealogy, Military History, DNA, House History and Social History deliver their informative and entertaining talks online. This new and reasonably priced service aims to open up these talks to a wider audience.

The screenshot shows the Family History TV website interface. On the left is a navigation menu with the following items: Home, Family History, DNA Testing, Military History, Social History, House History, Join our team of experts, and a notification section titled "Notify me when a new video is posted" with a "Name*" input field. The main content area features two video thumbnails. The first thumbnail is titled "I'VE GOT MY AUTOSOMAL DNA RESULTS BUT WHAT DO I DO NEXT WITH DEBBIE KENNETT" and has a "Rent £2.99" badge. Below it is the text: "I've got my Autosomal DNA results but what do I do next with Debbie Kennett" and "Debbie Kennett gives advice and guidance once you have your DNA results." The second thumbnail is titled "FAMILY HISTORY TIPS FROM MILITARY RECORDS WITH CHRIS BAKER" and also has a "Rent £2.99" badge. Below it is the text: "Family History Tips from Military Records with Chris Baker" and "Chris Baker (Military Expert & Professional Researcher) shows how military records can help you trace the family behind your serviceman ...". A "Read more" button is located below the second video's text.

Ranging from a behind the scenes look at the Who Do You Think You Are? TV show, or advice and guidance once you have your DNA results, this channel offers videos to suit most family historians. If you are seeking advice on researching your ancestors, or would like to find out more about social history, there are videos from some of the best speakers who normally talk to packed theatres.

Family History TV features a Military Expert & Professional Researcher drawing on his years of experience from researching thousands of soldiers to explore what can be found when looking for a military ancestor. There are talks from an experienced Social Historian exploring the records that shine a light on sporting ancestors, a well respected Professional Genealogist and House Historian gives you her valuable advice, and top DNA Experts share their extensive knowledge of this popular subject.

With even more genealogical themed presentations to be released in the next few months, each talk has been professionally edited into a high quality video that can be rented for the very attractive low price of just £2.99 and then watched for the next 24 hours.
